CENG 460

Computer Communication Networks

Lab 0 - Template

Instructor:
Dr. Lin Cai

Teaching Assistant:
Grace Hui

Tyler Stephen V00812021
A01 - B04

December 24, 2015

University
of Victoria

1   Introduction

Briefly describe the purpose of the lab.

2   Procedure

State tools used. Make references to the lab manual [1].

3   Discussion

Answers to discussion questions.

4   Conclusion

Restate your results. What did you learn?

5   Feedback

At least one suggestion for ways to improve the lab for future students.
